NestAtlanta.com

Our real estate business  
is built around one  
guiding principle:

**YOUR  
COMPLETE  
SATISFACTION**

# selling for top dollar

Our reputation depends on our ability to negotiate the best price for your home. We take great pride in being well-prepared and persistent during the negotiation process.

Our listings sold for **4.8% MORE** than the average Atlanta agent.

On a \$500,000 home, this would add \$24,000 to your bank account.

**80%**  
received  
multiple offers

**73%**  
sold in 15  
days or less

**65%**  
sold for  
**FULL** price  
(or more)

# listing success stats

The average “list to sales price” ratio inside the perimeter is about **95.5%** and more than 35% of the homes listed in the last year did not sell during the listing period. Compare that to our sales statistics...

	Atlanta Average	Our 1H2014 Average	Our 2013 Average	Our 2012 Average
List to Sales Price Ratio	95.5%	100.2%	100.5%	101.2%
Days on Market	61	24	23	22
Homes Sold During Listing Period	< 65%	97%	96%	92%

\* Our listings sold **37 days faster** than the Atlanta average.

# three factors that sell a home:

**Pricing**

**Showability**

**Marketing**

# pricing strategy

Understanding  
the current  
market

Determining  
the Value  
of your home

Pricing  
Correctly  
the first time

# pricing your home

- 90% of any great marketing plan is pricing your home in the right range.
- We use three different methods to ensure that your home is priced correctly (and you are comfortable with our recommendation!)
- The price must be below those homes that offer more features or your home will sit on the market until they sell first.
- The price a home will sell for is ultimately determined by what a buyer is willing to pay.

# price reduction effect

Time after time, we see homes that are priced correctly the first time sell up to 10 times faster — and for MORE MONEY — than properties that reduce their price.

## Time on Market

- 27 days without price reduction
- 188 days with price reduction (6.5x longer)

## Sales to List Price

- 96.7% of list price without price reduction
- 76.3% of list price with price reduction (20% less)

# showing activity vs time

In the last year, home sales peaked in the first two weeks of the listing period, declining sharply after that time. Translation = we have the best chance of getting an offer within the first two weeks.

# consequences of overpricing

You have the best chance of getting the full listing price (or higher) during the first two weeks on the market. After 3 months, the average is only 87% of the asking price.

# how do we know if it's priced right?

Once we're on the market, there are some general rules of thumb that help us determine if we are priced correctly. Usually we have a pretty solid understanding within the first two weeks.

Drive-bys and no showings = **12%+ off**

Drive-bys and low # of showings = **6 to 12 % off**

10+ showings and no offers = **4 to 6% off**

Receiving offers within 2 weeks = **in correct range**

Receiving offers within 3 days = **perfectly priced!**

**FYI:** Our home feedback tool will also provide some valuable agent/buyer feedback about the current pricing.

# ..... showability .....

First  
impressions  
sell homes

De-clutter  
+ sparkling  
clean

Staging,  
fresh paint +  
pops of color

# is your home “showroom ready?”

## first impressions sell houses.

We will offer specific suggestions after touring your home, but it is always important to...

- ♦ De-clutter every room and closet
- ♦ Deep cleaning, from inside the fridge to that cobweb on the front porch
- ♦ **More Light = More Space.** Brighten your home by opening blinds, bright light bulbs, clean windows and add additional lighting to dark rooms.
- ♦ **Add pops of color.** Bright pillows on the bed and colorful flowers or a rug on the porch really make a home stand out in the photos online.
- ♦ **Make necessary home repairs.** Buyers notice those leaky faucets, broken cabinet doors, burned out light bulbs, replace old appliances.
- ♦ **Paint inside and out,** if possible. It's money well spent!

# a quick facelift may be worth the investment.

- ◆ New appliances
- ◆ Paint
- ◆ Flooring
- ◆ Canned lighting
- ◆ Countertops
- ◆ IKEA island

**COST: < \$8,000**

- ◆ Refaced cabinets
- ◆ Paint
- ◆ Countertops
- ◆ New appliances
- ◆ Flooring
- ◆ Backsplash

**COST: \$6,400**

# :::: marketing strategy ::::

Generate  
**BUYER**  
interest

Build  
**REALTOR**  
awareness

Fine-tune  
strategy based  
on feedback

# step one:

generate agent and buyer interest before  
your home is listed in MLS

- ♦ Add a “Coming Soon” sign “to your front yard
- ♦ Create a “Coming Soon” web page for your home
- ♦ Advertise on our websites, blogs, Craigslist, Facebook, and other social media outlets
- ♦ Feature your home in an eNewsletter that is distributed to our database of past clients, friends, and associates
- ♦ Send an **email flyer** to more than 1,000 local real estate professionals, including the top agents in your neighborhood

# step two: professional photography

According to the Wall Street Journal, **only 15%** of home listings use high-end photography, yet these homes attract more attention, sell faster and for more money than comparable homes using non-professional listing photographs.

# step three:

## officially list your home

- ♦ List in FMLS and GA MLS
- ♦ Print Marketing
- ♦ Online Marketing
- ♦ Listing Syndication System
- ♦ eFlyers to local agents / newsletter subscribers
- ♦ Craigslist and online classified ads
- ♦ Virtual tour
- ♦ Professionally-designed home brochures

# marketing online

You won't find another agent who is as excited as we are about promoting your home on the web!

Yes, we may be a little geeky, but really it pays off for our clients. Learn more about how we market your home...

# listing syndication

## THE RESULT:

Your home appears on over 25,000 websites.

# nestatlanta.com

Our website, ATLhomesearch.com (aka NestAtlanta.com), receives an average of 550,000 page views and almost 40,000 unique visitors each month.

## Seller Benefits:

- ◆ You'll be **featured** on the front page
- ◆ Your home will be one of the **first homes buyers** see when visiting the home search options for your zip code, neighborhood and/or home style.
- ◆ An article about your property will also be featured on the **Nest Atlanta Blog**.
